- Extensive Paste Reticulation, Supply
- Extensive U/G pipework fabrication
- Surface Dewatering, Bore lines and Infrastructure
- Process/Raw water Pump Upgrades and associated pipework
- Managing, Supervising and populating labour personnel for Shutdowns and Crusher Rebuilds

RECENT PROJECTS AND WORKS

- GFA Training room upgrade
- GFA Site Services crib room and ablution install
- GFA Major extension to potable/fresh water poly lines
- GFA Knelson Concentrator installation, structure and associated pipework upgrades
- FGM Installation of Paste Reticulation Steel Components, Rising Main and Poly Installs
- GFA Conveyor Fire Suppression
- GFA Elution building rebuild
- GFA Major Gravity Water Supply Upgrades (Dam to Mill Gravity)
- IGO Longshaft Care and Maintenance
- Millennium U/G Pump Station
- WSA U/G Fuel Bay/Magazine/Pump Station Install
- SLM/IGO Mono Hoppers Fabrication and Surface Treatment
- Surface projects works for Invincible, Air, Potable and Raw Water Installs
- General Ongoing Mine Site Supply and Fabrication, Fan Hangers, Stairwells, Platforms etc
- General Labour Mine Site Labour Hire

Insurance Policies, Safety and Procedures

To enable AMS to work seamlessly in and around active mining areas we mitigate issues that can arise by:

- Delivering an approach to safety with a “Lead By Example” attitude
- Providing Policy and Direction for employees in relation to OHS and Conduct issues including:
 1. Fitness for work
 2. Drug and Alcohol
 3. Human Resources
 4. Equal Employment Opportunity
 5. Workplace Bullying/Harassment
 6. Code of Conduct
 7. Disciplinary, Confidentiality and Privacy
 8. Environmental
- Providing a safe work environment, reducing risks so that we are free from injury or illness and so that we ensure no person is harmed while carrying out their duties.
- Ensuring employees are competent, responsible and accountable for their actions in relation to the performance of their duties, health and safety expectations and treatment of others.
- Building and maintaining a favourable employee attitude that will encourage stable employment, good working conditions, work satisfaction and good communications.
- Developing confidence and supporting plans and programs by making company policy and objectives understood.
- Ensuring continuing leadership in the industry bringing new and improved services to an always changing market and establish efficient methods for the application of resources available.
- Following developed procedures for complex tasks and risk management mitigation
- Using of complex and simple JSA/THA, Workplace Inspections and Pre-starts.
- Maintaining Insurances including:
 - o Broadform Public Liability \$20,000,000 (Lloyd’s of London)
 - o Workers Compensation \$50,000,000 (GIO Cover)
 - o Insurance coverage where required for all vehicles and tools (Alliance, NTI)
 - o In addition to this coverage there is comprehensive support mechanism and plans set out through GIO in respect to managing injuries and Return To Work procedures.

Our Values

Adroit Mining Services has clear principles and behaviours that reflect our values; they are incorporated in to our policies, guides and procedures they are:

Lead by Example

Ensure that your actions reflect the best you can do, always. Whether it is safety procedures, quality workmanship or treating your colleagues, clients, family, the community or environment your actions should be beyond reproach.

Deliver Results

Consider what you have said and undertaken to do, ensure you have undertaken the planning required and then organise what is required to deliver the results and meet your promises.

Act Like an Owner

Build and maintain a reputation for honesty, fairness and good corporate citizenship within our clients, employees and the rest of the community.

Be A Team Player

Provide a safe and supportive environment for our employees, clients and the community by respecting people, acting in a safe way, protecting the environment and contributing to the community

Be Accountable

Meet legislated and client requirements via our operating and reporting procedures.

Encourage Development and Equal Opportunity

Employ competent personnel with growth potential and develop them in a working environment that provides opportunity for incentives. Deliver the highest professional service through our expertise, experience training and attitude and code of conduct expectations.
